

AARAMBHI INDUSTRIES PVT. LTD.

Aarambhi Industries Pvt.ltd. Is An ISO 9001: 2015 Certified Company and Well-established Organization Since 2024 With Business Transactions Being Carried Out All Over India.

AUTHORISED CHANNEL PARTNER CG POWER AND INDUSTRIAL SOLUTIONS LIMITED

Location

 HQ Pune

Factory: Shop No.2, Ground Floor, Sr. No. 3/17, Jambulwadi, Opposite to Jambulwadi last bus stop, Ambegaon khurd. Pune-411046 (Maharashtra)

Regd Office: Wonder city, BLDG. No. G, FL. 601, S.No. 75, Dehu Road, Katraj, Pune-411046 (Maharashtra)

Organizational Chart

Our Expertise

Industry Automation Product & MCC Panel Supply

- PLC
- SCADA
- HMI
- Drives
- Safety

Design Engineering - EPLAN

- Control System
- Network
- Pneumatics
- P & ID

ROBOT VISION SOLUTIONS

- Use Cases of Anomaly Detection
- Pick and Drop Process using AI Vision
- AI Robotic Solutions
- Robotic Dashboards

Trusted Project Life Cycle Partner

Emotron VFX - AC Drives

Emotron VFX 2.0 AC drive optimizes the operation of your cranes, crushers, mills and mixers. Your process is protected from damage and downtime and you will benefit from reduced installation, energy and maintenance costs. ***'High dynamics for demanding applications'.***

MANUFACTURING & SERVICES

We provide below categorized services.

Industrial automation products and services : PLC Programming, HMI Development, SCADA development • Design E-Plan, Auto CAD of control panels.

Electrical Panels : PLC Panels, MCC Panels, IMCC Panels, APFC Panels, PCC Panels.

Automation and Electrical Projects : PLC, SCADA, HMI, turnkey projects, Electrical LT control Panels. Process Automation, Robotic Automation, Advanced Automation Solutions for Turnkey Projects in various sectors like SPM, Automobile, Pharma, Process automation.

Vision System Integration : Turnkey vision system we are integrating using standard Vision Cameras like COGNEX, HIKROBOT, KEYENCE, Delta, Omron etc. In the existing system also, we are integrating the vision system to increase the quality of the machine or product.

MFG. Servo Voltage Stabilizer : we Manufactured Below range Voltage Stabilizer Available Range -

Single Phase Air Cooled Voltage Stabilizer - **3 kVA to 75 kVA**

Three Phase Air Cooled Voltage Stabilizer - **30 kVA to 500 kVA**

Major Projects

Fixed type LT switchgears & instrumentation Panel

Automatic Power Factor Correction Panels [APFC] for HT & LT

LT PCC/MCC panel

LT PCC/MCC panel

Servo Voltage Stabilizers

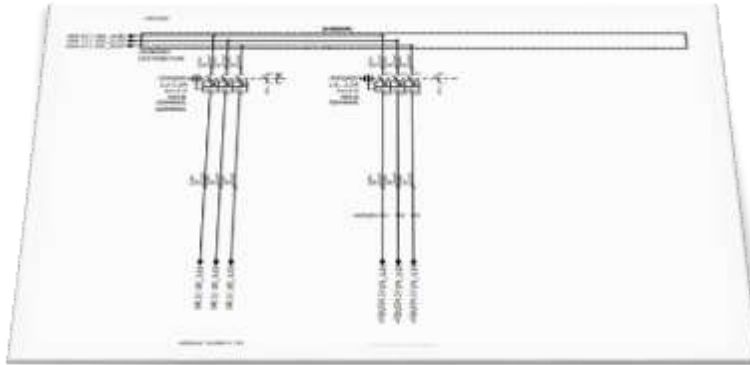

EPLAN (P8 2.9) SERVICES

- 1) We do Designing of Electrical systems. Gathering customer requirements, estimation and preparation of bill of material (BOM) accordingly
- 2) We Prepares load sheet, SLDs, layouts, macro etc
- 3) Our Design team has Good Knowledge of Profinet, Ethernet, IO link, Process Industry, SLD, Multi-line drawing, Sensors, Safety products, SLD, Multi-line drawing, Sensors, Safety products. drawing, electrical calculations, Cable scheduling, Field Instrumentation.
- 4) We follow Engineering Standards such as safety, electrical, and pneumatic (OSHA, NEC, NFPA, UL, ANSI, CE, etc.).

AUTOMATION AND ELECTRICAL DESIGN SOLUTION

- E-Plan
 - 1) Electrical schematic and Drawings
 - 2) Fluidic
 - 3) Automatic Report generation- Cable scheduling, BOM, Terminal dig
- AUTOCAD
 - 1) Electrical Schematic and Drawings
 - 2) Pneumatic Drawings

AUTOMATION AND ELECTRICAL DESIGN SOLUTION

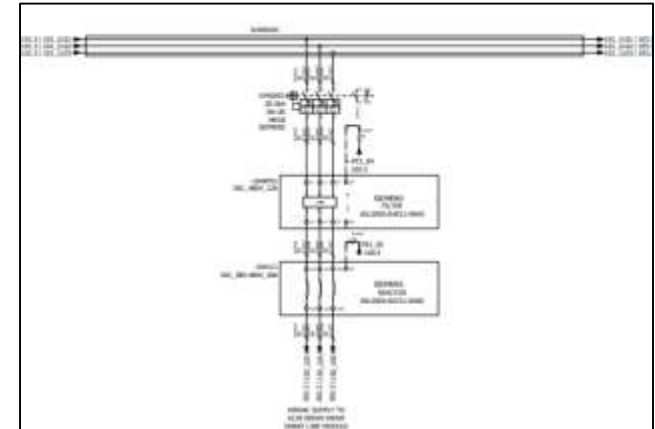

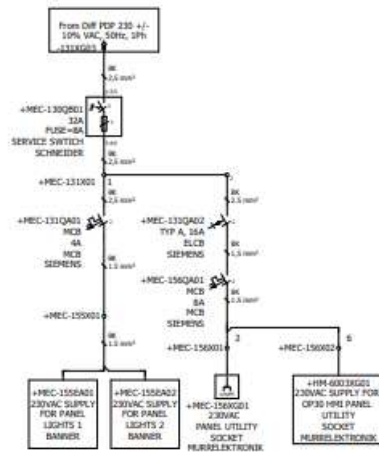

- Dedicated Eplan and AutoCAD design team with relevant experience. Our designer has average experience more than 4 years and lead by Design head with 14 years of industrial expertise on Eplan and AutoCAD.

Currently our team size is of 4 designer including design head.

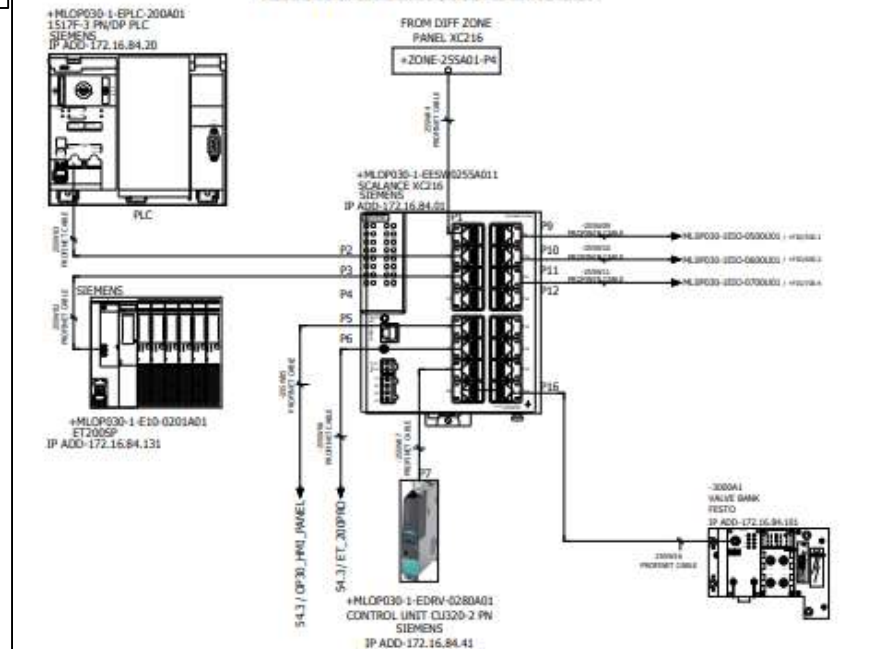

We undertake and execute the turnkey project for Design from Concept , Architecture and Drawings.

- Sectors
 - 1) Automotive
 - 2) Locomotive
 - 3) General industry
 - 4) SPM

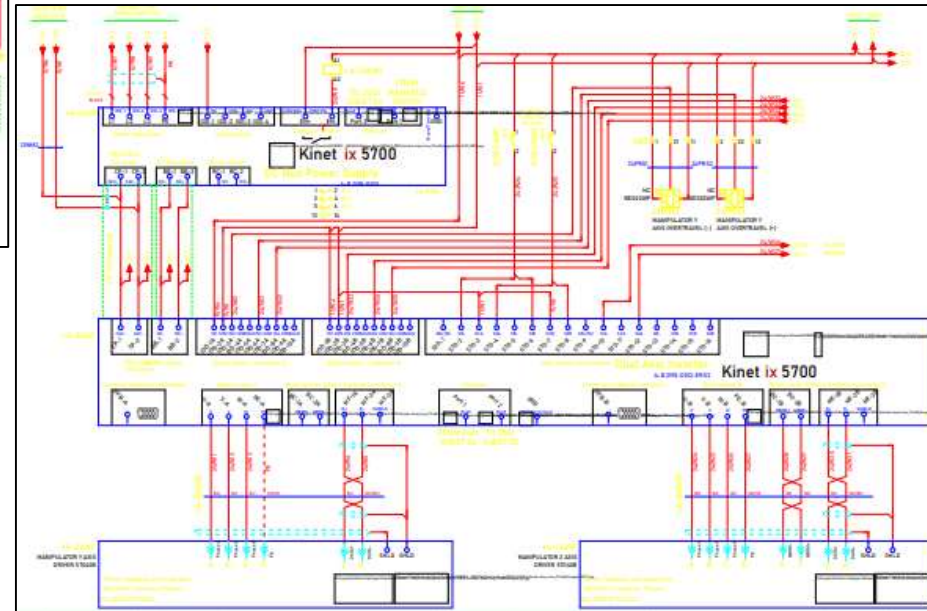

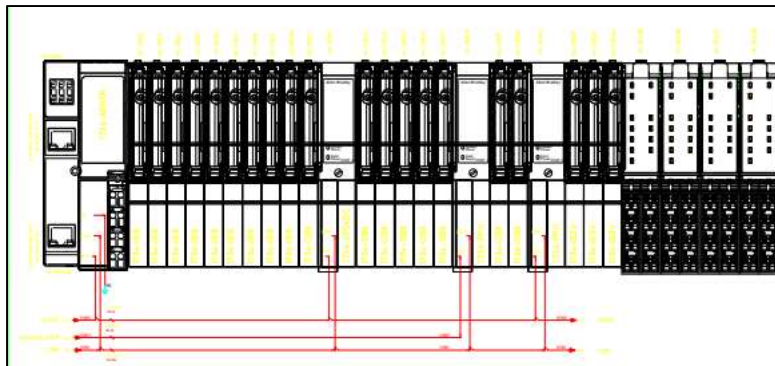

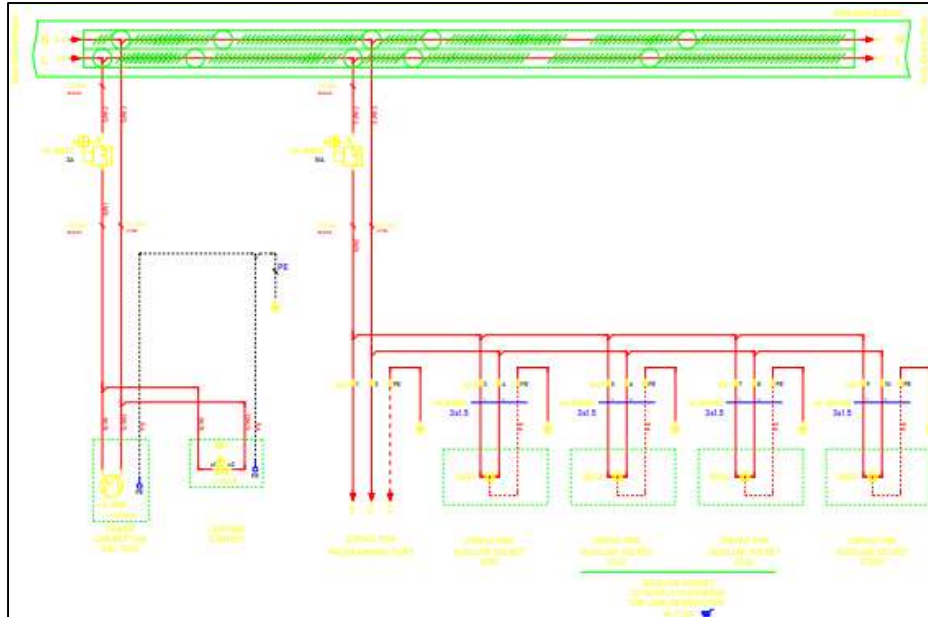

SINGLE LINE DIAGRAM POWER ARCHITECTURE

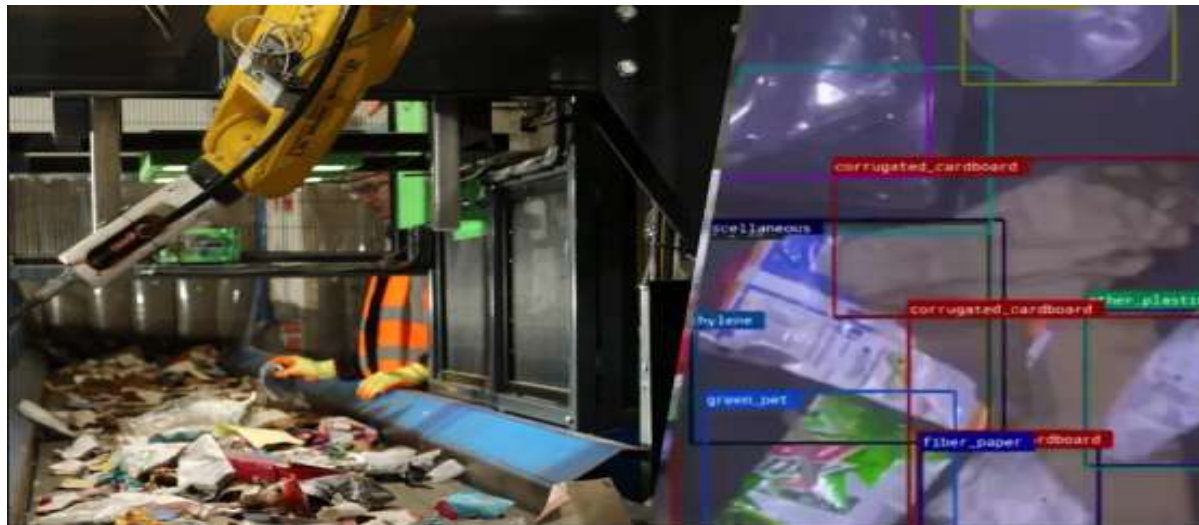

CONTROL ARCHITECTURE

AUTOMATION AND ELECTRICAL DESIGN SOLUTION
